

CHRISTIAN MENTORS LAUNCHES FREE TOOL TO HELP ORPHANAGES WORLDWIDE

“Christian Mentors website has been a real blessing to our orphanage. We needed a way to bring in a consistent income and their sponsorship tool has been the answer for us. Not only is it extremely user friendly, but their staff has been very responsive to our questions and needs. I would recommend this tool highly.”

Jenni Villavicencio – King’s Kids Orphanage

In September of 2010 Christian Mentors released a FREE online tool designed specifically for orphanages who need support to raise funds by creating a Sponsor a Child program similar to Compassion International.

Here’s how the process works...

The **orphanage or church**...

- Signs up for a free account on www.christianmentors.org.
- Adds profiles of children (including a picture) for sponsorship,
- Provides information to potential sponsors on the funding needs as well as ground rules for the program,
- Inserts a **Sponsor A Child** link on their website, and
- Promotes the program to potential sponsors and church members!

The **potential sponsors**...

- Go to the orphanage website click a 'sponsor a child' link,
- View a presentation of the need and details of the sponsorship program,
- Select a child to sponsor via automatic credit card billing.

Christian Mentors

Sends a check each month to the orphanage for the total of all sponsorships!

Visitors will not even know the orphanage is using Christian Mentors to provide the service as its designed to look/feel like its something designed by the church or orphanage. There is even an admin area for the orphanage to update / add children, send emails to sponsors, etc.
